

I-595 PPP EXPRESS LANE PROJECT Fort Lauderdale, Florida

Client

Florida Department of Transportation
ACS Infrastructure Development

Project Date

2009 – Ongoing

Services Provided

Construction Engineering Inspection

The team of Calvin, Giordano & Associates (CGA) and HTNB have been selected as the Concessionaire's Construction, Engineering and Inspection (CEI) consultant for the Florida Department of Transportation (FDOT) \$1.25 billion I-595 Express Lanes PPP (Public/Private Partnership) Project.

The CGA/HTNB Team will oversee the progress of the construction and monitor compliance with the contract documents for the project Concessionaire, I-595 Express LLC. CGA has signed a five-year \$12 million contract, with construction expected to begin this November.

The 10.5-mile project will extend from the I-75/Sawgrass Expressway interchange to the I-595/I-95 interchange. The improvement components will include:

- Tolled, reversible, ground-level express lanes within the current median of I-595
- Safety modifications to the I-595/Florida Turnpike interchange
- Continuous connection of SR 84 between Davie Road and SR 7/US 441
- Auxiliary lanes on I-595 along with combined ramps, cross-road bypasses and grade-separated entrance and exit ramps
